

AIRSTREAM®

World Traveler®

2027 TRAVEL TRAILER BROCHURE

The Perfect Way to Start Your Airstream Adventure

Meet the all-new Airstream World Traveler™ Travel Trailer lineup, featuring a narrow-body design and lightweight construction for easy towability. Available in both the 22FB and 17RB floor plans, World Traveler is designed for adventurers seeking a simpler way to experience the iconic Airstream lifestyle. With lightweight GVWRs that can be towed by a variety of pickups, crossovers, and SUVs, World Traveler makes it easier than ever to get on the road. Whether you've been dreaming of Airstream adventures, looking to maximize your travels, or searching for a right-sized RV that fits your lifestyle, World Traveler is the perfect way to make your Airstreaming dreams come true.

World Traveler combines a bright, airy interior with exceptionally efficient layouts. Its slim 7-foot, 6-inch exterior width and lightweight build make towing more approachable and help you travel confidently wherever the road leads. Outside, you'll find the same iconic rounded, riveted aluminum shell that has inspired travel adventure for more than 95 years, along with a hidden air conditioner that maintains a streamlined roofline.

Inside, the clean and modern interior features white walls, light laminate cabinetry, and thoughtfully designed living spaces that maximize comfort without sacrificing functionality. The larger 22RB offers a unique V-shaped twin sleeping area and a flexible secondary sleeping space that quickly converts from dinette to deep-seated sofa. The compact 17RB provides a highly efficient layout with comfortable sleeping accommodations, dedicated dining space, and all the essentials needed for memorable adventures. Both floor plans feature the comforts of home delivered with a minimalist approach that leaves plenty of room to add your own style and personality.

In a World Traveler travel trailer, you'll discover the ideal gateway to incredible travel experiences and access to the close-knit Airstream community.

A New Airstream Adventure with Seasoned Airstreamers

With the all-new World Traveler™ in tow, long-time Airstreamers Marc and Tricia Leach set off on a road trip that incorporated both the natural world and an urban adventure. Creators of the wildly popular RV-centric YouTube channel Keep Your Daydream, Marc and Tricia were the perfect choice for putting World Traveler through its paces, and their experience proved that World Traveler is the ideal choice for travelers looking to upgrade their adventure and enter the world of incredible Airstream experiences.

Venturing into one of Florida's most popular destinations, they took the World Traveler 22RB to St. Petersburg, Florida and set up camp at one of Florida's most beautiful campgrounds just 10 minutes from downtown St. Petersburg and 30 minutes from Tampa. It was the great location to indulge in experiences in the natural world, with gorgeous waterfront views, orange sherbert sunsets, birdwatching galore, and beach walks. But the close proximity to the sights, sounds, and tastes of St. Pete and Tampa meant Marc and Tricia could easily get into the city and enjoy delicious tacos, heaping Cuban sandwiches, rich coffee, and produce markets where Tricia could collect the ingredients for incredible campsite meals.

"The World Traveler"

is perfect for stepping into travel on your own terms. We loved the bright, spacious interior and being able to take it anywhere "

- Marc, KYD

" It's nice towing with the same vehicle I drive in town. Towing with the Jeep® Grand Cherokee was simple and stable, and I always felt in control when maneuvering. "

- Tricia, KYD

Lightweight, Easy-to-Tow, and Ready to Roll

World Traveler™ features the same narrow width and lightweight construction as Airstream's global World Traveler model sold in Europe and Asia. Its slim profile makes navigating tighter streets easier, while its interior takes cues from modern Scandinavian design. Designed specifically for North America, this U.S./Canada version delivers exceptional convenience and comfort—while offering distinct optional features.

With base weights between 3,150 and 3,700 pounds and GVWRs of 3,500 to 4,500 pounds (maximum allowable weight of a vehicle when fully loaded with water, gear, etc).

World Traveler can be easily towed by a variety of light duty trucks and SUVs. For Marc and Tricia, their Jeep® Grand Cherokee was the perfect tow vehicle – especially because it was the vehicle currently sitting in their driveway.

Breaking up the journey to the campground with a stop at the Florida Aquarium was simple, with the World Traveler navigating the crowded parking lot with ease. The agile maneuverability made navigating city streets a breeze, and they were able to park conveniently on the curb near a fresh fruit market so Tricia could grab ingredients for mango salsa. And once they were set up at the campground, using their smaller tow vehicle to head into town for sightseeing and grocery runs made everything effortless.

[Get the Recipe](#)

" One of the best things about Airstreaming is how flexible travel becomes. We can break up drive days with interesting stops along the way or keep moving when we want. The World Traveler makes it easy to slip into a parking lot or even turn around when something really catches our eye. "

- Marc, KYD

A Scandinavian-Inspired Interior with Modern Functionality

Modern Décor • Versatile Windows • Flexible Living Space

World Traveler™ is available in two décor packages—green-hued Sagebrush and sandy Shoreline—with white walls that create an expansive interior. Light laminate and terrazzo-inspired vinyl flooring offers a distinctly modern take on the Airstream interior.

The unique dual-pane acrylic windows and integrated blackout blinds and screens are a standout feature. Pull down the screen for airflow, pull up the blinds for privacy, or separate both to open the window completely for unobstructed views and cool breezes - unique by comparison to all other Airstream travel trailer models. Marc and Tricia even passed lunch through the open window for al fresco dining outside under the awning.

The 17RB's rear full size bed and the 22RB's signature V-shaped twin beds provide comfortable sleeping accommodations and convenient storage for personal items. The flexible design of the secondary living space offers multiple configuration options, including a four-person dinette, additional sleeping space, or a deep-seated sofa, making it ideal for relaxing, playing a game, or reading.

" It's impressive how the World Traveler can go anywhere, but still offers distinct places to work, cook, or unwind. "

- Tricia, KYD

Interior Features

Step inside the World Traveler™ 17RB and experience a bright, open interior with modern, minimalist style. A space-efficient layout, comfortable rear bed, and midship wet bath bring the comforts of home to every adventure, while a versatile dinette creates a welcoming space to dine, relax, or plan the journey ahead. Deep blue bedding and decorative pillows add warmth, texture, and a cohesive finishing touch throughout.

1 Full Size Bed

Spacious sleeping with plenty of underbed storage

2 Versatile Windows

Screens, blackout blinds, or open to the world

3 Convertible Dinette

Dine at the table, or set up for sleeping or relaxing in style

4 Space Conscious Wetbath

Lavvy, shower and toilet all efficiently utilized in one space.

5 Spacious Galley

12 V refrigerator, sink, two-burner gas cooktop, and plenty of space to meal-prep

6 Airy Interior

Light laminates, terrazzo-inspired vinyl flooring and white walls create an expansive feel

17RB

Interior Features

Step inside World Traveler™ 22RB and experience an expansive interior with modern, minimalist style. Versatile spaces, a two-piece bathroom, and a spacious galley let you bring all the comforts of home on the road, while a unique V-shape twin primary sleeping area expands interior living space and gives you plenty of room to relax. Deep blue bedding and decorative pillow kits add a finished, cohesive look—bringing warmth, texture, and thoughtful design details that make the space feel ready to unwind.

22RB

1 V-Shape Twin Beds

Notched bed creates more space to move

2 Versatile Windows

Screens, blackout blinds, or open to the world

3 Convertible Dinette

Dine at the table, or set up for sleeping or relaxing in style

4 Two-Piece Bathroom

Dedicated spaces for shower, lavvy sink and fully plumbed toilet

5 Spacious Galley

12 V refrigerator, sink, two-burner gas cooktop, and plenty of space to meal-prep

6 Airy Interior

Light laminates, terrazzo-inspired vinyl flooring and white walls create an expansive feel

Interior Décor

Scandinavian-inspired finishes blend light woods, white surfaces, and natural textures for an airy, modern interior.

Sagebrush

Sagebrush is the green-hued décor option, pairing the model's white walls and light cabinetry direction with a nature-forward accent palette. It's designed to feel fresh and calm—an interior that reads airy and modern while still grounded in natural color.

Shoreline

Shoreline is the sandy décor option, aligned with World Traveler's minimalist approach and intended as a bright, neutral canvas. It supports a clean, open feeling while keeping the palette flexible for personal touches—textiles, accessories, and travel souvenirs—without the interior feeling busy.

Compare
Floorplans

World Traveler™ is available in two floor plans, the 17RB and 22FB, each thoughtfully designed to balance easy towability with a surprisingly spacious interior. Both layouts pair a comfortable sleeping area with an efficient living space. The 17RB features a traditional full-size rear bed spanning the width of the trailer, while the 22FB offers distinctive rear V-shaped twin beds that provide greater mobility when moving in and out of bed and around the cabin. Both floor plans include convenient under-bed storage and thoughtfully designed interiors that maximize comfort and convenience on the road.

Exterior Features

World Traveler’s exterior is inspired by Wally Byam’s early travel trailer designs in the 1950s. The air conditioner is tucked neatly under the roadside bed, leaving the roofline with a clean, streamlined silhouette. A manual Zip-Dee® awning in linen-inspired fabric creates a wide exterior living space, while 3M™ film front stone guard protection helps to prevent damage from road debris while towing.

1 Streamlined Roof
A/C moves under roadside bed for a clean silhouette

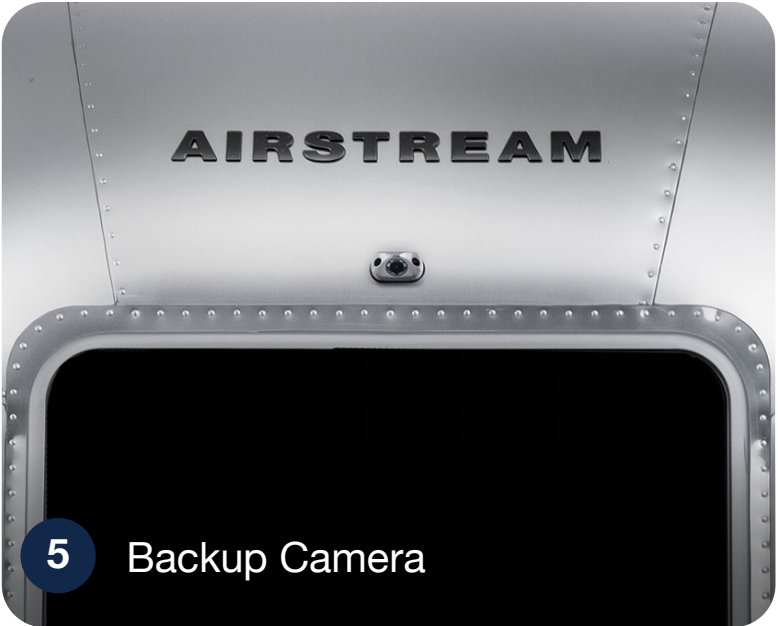

2 Linen-Inspired Awning
Manual Zip-Dee awning creates wide foot-print for exterior patio space

3 Exterior Shower
Easy to access hot and cold water to wash off before heading inside

4 Aluminum Entry Step
Pulls out for easy ingress and egress

5 Backup Camera
Backing into your campsite is easy with visual and audio assistance

6 Stone Guard Protection
3M film guards against road debris

How It's Made

Informed by more than 90 years of quality craftsmanship and expert design, Airstream travel trailers are hand-made in Jackson Center, Ohio. Only the best materials are used – from seamless, waterproof composite flooring, to the hardware and finishes we use to build our cabinetry, to the rivets and aluminum that form the shell. In building our world-famous travel trailers, we rarely do things the easy way. That’s why an Airstream travel trailer can last a lifetime – or more – and be passed down from generation to generation for years of enjoyment.
